Tamar Shelov, 104 N. Monroe Ave., asked if there was an update on the Gateway Study with Vito Gagliardi. Councilman Norris replied there was nothing to report.

Bill Price, 111 N. Jackson Ave., was concerned about where the road resurfacing and his driveway stop. He wanted to make sure the resurfacing of the road goes to his driveway. Engineer Kreck indicated it would.

Jenn Pizi, 500 E. Mantua Ave., made a presentation on behalf of the Woman's Club regarding a luminary project; see attached for detailed report. Also, the Woman's requested permission to use the park for a local farmers market to benefit the residents. Councilman Cox suggested she get together with Abby Lutz who also had the same idea and share ideas. The proceeds could possibly go to purchase wreaths for the lamp posts down town.

Re: Monthly report

- Community service has been extremely light over the past month and a half. Out of fourteen shifts, workers only showed up for two of them. As a result, there were no workers in the borough. I have been in touch with the probation officer in charge of the program and am trying to find a way to increase participants.
- On top of the two small speed signs that were previously placed by Wenonah, we have one of our large signs on S. East Ave. The trailer is currently charging, but I believe the Lieutenant's plan is to place it on Maple Ave.
- We conducted a successful Click it or Ticket campaign in June which resulted in:
 - 47 seatbelt summonses
 - 5 speeding summonses
 - 1 cell phone summonses
 - 6 suspended license summonses
 - 1 DWI arrest
 - 1 reckless driving summons
 - 5 careless driving summonses
 - 78 "other" moving violations
 - 13 total other arrests
- We took possession of enough fobs for all officers to access the elementary school. This will help in an emergency situation so that any officer to arrive on scene first can enter.
- The lieutenant's and I won a hoagie building contest hosted by Wawa! For participating, we received a \$1000 check donation to the charity of our choice. We selected The United Way of Gloucester County.
- I have been on contact with Eagle Point gun shop to start finalizing the firearms transfer. It will be done in a manner that creates a paper trail so that there cannot be any questions about legality.

The owner of the shop is a former assistant prosecutor and is very knowledgeable on exactly what needs to be done.

- Our Coffee with a Cop event at Hawk's Deli was a success. I learned about some services that the Wenonah Police used to provide and am working on a solution that makes everybody happy. We also had some good conversations, met a lot of good people, gave out a bunch of trinkets to the kids, and, of course, took a lot of pictures. If anybody wants to come out to another one, we will be at the Wawa on Route 45 in Mantua as soon as I nail down a date.
- We have been evaluating several body camera manufacturers over the course of the past several months. None have the perfect combination of size, battery life, ease of use, and cost, in my opinion. However, we will still be moving forward with a purchase in the near future. They should help ensure accountability, both of the officers and of the people with which they interact. We have a grant to purchase them that expires at the end of the year, so we will definitely have them by then at the latest, but most likely sooner.
- The 4th of July parade and celebration went smoothly. Officers were on foot and bikes and interacted with numerous residents. I was approached by many residents who were very appreciative of the officers being personable and their interactions.
- Overall, things are still going smoothly.

Lake Report for July 2018

Lake attendance in the beginning of July was very good. (due to the hot weather).

However, with the rainy weather the past two weeks attendance has declined. We are still selling some memberships.

Memberships for out of town residents will be sold at half price beginning in August. Also, beginning August 6 lake hours will be 11am to 7pm.

We accepted the resignation of Becky Goff as assistant manager effective July 18. In her place Mark Hausman was promoted to head life guard. He will be responsible for opening and closing, scheduling and contacting the lifeguards. Francesca P was also promoted to head gate guard. She will be responsible for the opening and closing, snack bar, memberships etc. when on duty. Both have been lake employees for several years and have done an excellent job in the past. Jen Wilson also left for another job. We hired another gate guard to replace her.

A major concern this month has been the geese. There are ten geese in the "family" and they have decided to come from the back of the lake to the beach and grounds. The gate guards and life guards have been "scooping poop" but there is still some that they miss. We have put out the dog on the beach but that hasn't helped. A more permanent solution is needed.

Borough maintenance brought the ping pong table to the lake. The patrons are using it along with the horseshoes and the shuffleboard.

The chains on the playground swings are very rusty and probably should be replaced. I will speak to Ken about this.

Mayor and Council
Borough of Wenonah
1 South West Avenue
Wenonah, NJ 08090

**RE: Monthly Engineering Report
Borough of Wenonah
Public Meeting: Thursday July 26, 2018
Project Number WNOE012N**

The following report summarizes the status of the various projects authorized by the Mayor and Borough Council:

I. CONSTRUCTION PROJECTS:

BOROUGH POTABLE WATER WELL #3 & MODIFICATIONS TO WELL #1

1. The Closeout Documents and Maintenance Bond have been approved by the Borough Solicitor and the Contractor has completed the Project Punchlist. It is our understanding that a Resolution authorizing Final Payment is on the agenda.
2. Remaining work at the Well #3 site includes the installation of a number of trees to satisfy the conditions of the NJDEP Flood Hazard Permit. It is our understanding that Public Works will be performing this work in exchange for other work that was completed for the Public Works Department by Level-1 Construction.
3. A field meeting with the Design Engineer (PS&S) and Treatment System Supplier (Lonza & JP Jager) was held on June 29th for the purposes of resolving the problems being experienced with the new Treatment Systems at both Wells. The following work is being undertaken in order to resolve the issues:
 - A. The Well Design Engineer is preparing the NJDEP Permit applications for the supplemental treatment device that is required to reduce the alkalinity of the raw water and eliminate the calcification that is currently being experienced. *This work is being performed at no costs to the Borough.*
 - 1) Upon DEP approval, the Treatment System Supplier will install the supplemental treatment device at no additional cost to the Borough.

- B. The Well Design Engineer is reviewing both the recently installed and existing chlorine dosing and sampling systems in order to identify the reasons behind the inability to hold a consistent chlorine residual. *This work is being performed at no costs to the Borough.*

2014 NJDOT TRANSPORTATION ALTERNATIVES PROGRAM (TAP):

1. The Project is complete with exception to a few punchlist items which are expected to be completed this week. The Borough's Construction Consultant is in the process of closing out the project, inclusive of the following work:
 - A. Preparation of the final Contract Change Order for reconciliation of as-built quantities.
 - B. Preparation of the Contract Closeout Documents and coordination with the Contractor, including 2 Year Maintenance Bond.
 - C. Coordination of the Final Change Order and Final Payment with both the Borough and the NJDOT.
2. It is our understanding that the NJDOT performed a final compliance inspection on July 24th and we are currently awaiting the results of the inspection.

2017 NJDOT LOCAL AID INFRASTRUCTURE GRANT - 2018 ROAD PROGRAM:

1. The Notice to Proceed was issued on July 17th and construction of new concrete curbs and sidewalk is underway on South Clinton Avenue. Once complete, the Contractor will begin the concrete work on South Marion Avenue. Asphalt paving will follow completion of all concrete work.

II. PRIVATE DEVELOPMENT PROJECTS AND INSPECTIONS:

STOCKTON AVENUE EXTENSION

1. No Change Since Last Report.

#207 EAST WILLOW

1. No Change Since Last Report.

#107 S. CLINTON AVENUE

1. No change since last report.

AT&T CELLULAR ANTENNAE INSTALLATION

1. No change since last report.

T-MOBILE CELLULAR ANTENNAE INSTALLATION

1. The Borough has been contacted by T-Mobile with a request for approval of the installation of a new generator within their ground-based compound. We have since requested plans of the improvements from T-Mobile to confirm whether Planning Board approval will be required.

VERIZON CELLULAR ANTENNAE INSTALLATION

1. No change since last report

III. GENERAL MUNICIPAL ENGINEERING:

2018 NJDOT MUNICIPAL AID PROGRAM – 2019 ROAD PROGRAM:

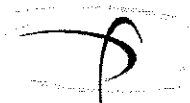

1. Our office has provided Council with a fee proposal for the engineering design, contract administration, and construction inspection for the 2019 Borough Road Program. In addition, we have provided a recommendation for a project bond amount, which would potentially include the following streets:
 - A. West Cherry Street, from Southwest Avenue to Jefferson Avenue, including Drainage Improvements (NJDOT Funded)
 - B. Southwest Avenue, from E. Cedar Street to the Dead End (*Optional - Borough funded*)
 - C. South Garfield Street, from Mantua Avenue to W. Cherry Street (*Optional - Borough funded*)
2. It is our understanding that the 1st Read on the Bond Ordinance and Council's authorization to proceed with the necessary design work will be addressed at the August 23rd meeting.

NJ ENVIRONMENTAL INFRASTRUCTURE TRUST FUND (NJEIT)

1. We await the rescheduling of the previously postponed meeting between NJEIT Representatives and the Borough to initiate discussions about the potential for submitting an NJEIT Grant/Loan application for the purposes of funding various Borough-wide Infrastructure Improvements.
 - A. Such improvements would consist of the Rehabilitation of the Water Tower, the preparation of an Asset Management Plan, the replacement of troublesome water mains, the replacement of dilapidated sewer mains and pump stations, and the replacement of failing storm sewers and erosive outfalls.

PY 2017-18 CDBG APPLICATION: BARRIER FREE IMPROVEMENTS AT LISLE FIELD

1. No change since last report.

WENONAH LIBRARY:

1. No change since last report.

WENONAH LAKE:

1. No change since last report.

LIGHT RAIL

1. No change since last report.

CONRAIL

1. No change since last report.

GCUA SANITARY SEWER EFFLUENT MONITORING REPORT

1. No change since last report.

USEPA SANITARY SEWER COMPLIANCE EVALUATION INSPECTION

1. No change since last report.

PUBLIC SEWER FOR WOODBURY-GLASSBORO RD PROPERTIES

1. Our office has reached out to the Deptford Township MUA Engineer to inquire about the potential for entering into a Shared Services Agreement for providing public sewer service to the residential properties located on Woodbury-Glassboro Road in return for the Borough providing public sewer service for a number of properties located on the north side of Linden Avenue.

PRINCETON AVENUE SEWER COLLAPSE

1. The Public Works Department repaired a sewer main collapse in Princeton Avenue, between Cherry Street to Willow Street. This is the same sewer that has been historically problematic for the Borough and therefore, we have asked the 2018 Road Program Contractor to provide a price for the replacement of the existing sewer, from Cherry Street to Willow Street.

NJDEP WATER AND WASTEWATER SYSTEMS RESILIENCY GUIDE & SECURITY BEST PRACTICES

1. As a follow up to our summary report, we will review the Borough's current policies and procedures with the Public Works Department and assess them for compliance with the guidance and recommendations provided within the NJDEP Water and Wastewater Systems Resiliency Guide & Security Best Practices.

See "NJ ENVIRONMENTAL INFRASTRUCTURE TRUST FUND (NJEIT)" for information regarding potential funding.

NJDEP WATER QUALITY ACCOUNTABILITY ACT

1. The GPS Survey for the Borough's Water System Valves and Fire Hydrants is scheduled to begin in August and will be coordinated with the Public Works Department.
2. It is our understanding that Pubic Works will be addressing the DEP requirement for permanently marking all Borough wide fire hydrants with a name, number, symbol, or other distinguishing mark.
3. We continue to work out the details associated with the preparation and periodic maintenance of a GIS Water System Map, in accordance with the specific requirements of the NJDEP Water Quality Accountability Act. Once the details are confirmed, including the appropriate platform, we will provide the Borough with a scope and fee proposal for consideration.
4. We are performing the necessary research in order to determine the scope of the NJDEP required Asset Management Plan, including identifying those who would, or could, be responsible for performing the various Asset Management related tasks, including the Borough's CFO.
 - A. We will also investigate methods for integrating the Borough's Asset Management Plan into the GIS Water System Map.
5. It should be noted that all of the abovementioned tasks described in Item #'s 1-4 above must be completed by the Borough prior to the NJDEP mandated deadline of April 2019.
6. See "NJ ENVIRONMENTAL INFRASTRUCTURE TRUST FUND (NJEIT)" for information regarding potential funding for the preparation of the Asset Management Program.

BOROUGH WATER TOWER AND WELLS

1. Our office is in receipt of two (2) scope and fee proposals from Water Resource Engineering Consultants for the engineering design work associated with the Water Tower Rehabilitation Project. Our office will collectively review the proposals with the Public Works Committee and select the appropriate consultant in anticipation of meeting the NJDEP Deadline for advertising the Project for Bid in 2018, and subsequent construction in 2019.
2. Once the Water Resource Consultant is identified, our office will prepare and submit a comprehensive proposal to the Borough for the full scope of the Water Tower Rehabilitation Project, which will include the necessary improvements required to address the NJDEP Water and Wastewater Systems Resiliency Guide & Security Best Practices.
 - A. We will also provide a cost estimate for budgeting/bonding purposes.

3. See "NJ ENVIRONMENTAL INFRASTRUCTURE TRUST FUND (NJEIT)" for information regarding funding for the Water Tower Project.
4. See "BOROUGH POTABLE WATER WELL #3" for information regarding Well #1 & Well #3.

NJDEP WATER SYSTEM SANITARY SURVEY/COMPLIANCE INSPECTION

1. No change since last report.

DELAWARE RIVER BASIN COMMISSION (DRBC) WATER SYSTEM AUDIT

1. No change since last report.

WATER METER UPGRADES

1. No change since last report.

NJDEP WATER ALLOCATION

1. The Borough's total water usage for June 2018 was slightly below that for the month of June 2017. Total water usage for the year to date is approximately 1.76 Million gallons higher than that for 2017. This is mostly attributable to the water main leak in Jefferson Avenue that was repaired in mid-January.

BOROUGH WATER SYSTEM RECORD KEEPING

1. No change since last report.

STORM SEWERS

1. We recommend that all necessary storm sewer replacement work be inventoried and included in the impending NJEIT Funding Application.

See "NJ ENVIRONMENTAL INFRASTRUCTURE TRUST FUND (NJEIT)" for additional information.

NJPDES STORMWATER DISCHARGE PERMIT

1. Our office continues to perform periodic updates to the Borough's 2018 Stormwater Pollution Prevention Program (SPPP), as required by the Permit.

ELECTRICAL UPGRADES AT WENONAH PARK

1. No change since last report.

TRAFFIC CALMING MEASURES

1. No change since last report.

ZONING MAP UPDATES

1. An electronic copy of the updated Zoning Map has been distributed to Council and to the Combined Planning Board. Hard copies will be provided as requested.

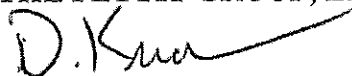

IV. PLANNING BOARD ACTIVITY:

1. The June Meeting was cancelled.

Wenonah Luminary Project

Hosted by the

Woman's Club of Wenonah

The Project

- November Place your order- we recommend 1 bag every 6-10 feet in front of your home
- December 15 Orders are filled by volunteers who fold bags and fill them with sand and candles
- December 22 Luminaries are delivered to each household
- December 24 Luminaries are placed on the curb and lit at dusk by each household

Magical Streets

The Woman's Club of Wenonah is hosting what we hope will become Wenonah's First Annual Luminary Project, to take place at dusk on Christmas Eve.

Homeowners interested in participating can purchase luminaries that will be delivered by their street captain. Each family then places luminaries along the curb in front of their home, and lights them at dusk.

With enough participation, we can make Wenonah a breathtaking sight for all to enjoy!

Luminaries are \$2.00 per bag

Suggested spacing: 6-10 feet apart

Luminary lighting at 5pm, December 24th

In the event of heavy rain – light on December 25th

Proceeds

from the Wenonah Club of Wenonah will support the organization.

All profits from this fundraiser will be donated.

How to Participate
